

# We're Hiring

Connected Health in Pittsburgh, PA (Wexford, PA) is looking for a  
**BOARD-CERTIFIED PRIMARY CARE PHYSICIAN  
(INTERNAL MEDICINE OR FAMILY PRACTICE)**

to join our dynamic, concierge primary care practice.

As a concierge primary care provider, you will be able to practice medicine in an environment where the physician-patient relationship is of the utmost importance. We strive to provide primary care as it is intended to be...proactive and preventative. You will be able to spend the necessary time with your patients to get to know them: their family history, their predispositions, their goals, their fears, and everything that plays a role in their health and wellness.

Practice the kind of primary care you envisioned in medical school.

**Send your CV to  
[betty.rich@connectedhealthpgh.com](mailto:betty.rich@connectedhealthpgh.com)**

## Primary Responsibilities:

- Provide exceptional, patient-centered, primary care services in a concierge model
- Direct appropriate treatment plans for patients, consistently being proactive with patient care and timely with follow-up communication
- Perform comprehensive annual physical exams and sick visits (including some home visits, virtual visits as well as in-office visits) and wellness visits.
- Participate in after-hours patient care when required
- Provide coordination of care with specialists and collaborate respectfully with outside physicians and other members of multidisciplinary patient care teams
- Focus on creating value for patients and enhancing the member experience

## Requirements and Qualifications:

- Board-certification in Internal Medicine, Internal Medicine/Pediatrics, Family Practice
- State of Pennsylvania Medical License required
- Experience working in primary care or internal medicine preferred
- Proven work ethic
- Proven success building deep, respectful, and long-term relationships with patients
- Excellent medical and diagnostic expertise and the ability to build strong rapport with patients
- A commitment to patient advocacy and leading-edge, evidence-based medicine
- Superior verbal and written communication skills, and outstanding bedside manner
- Collaborative spirit with a willingness to support the staff and operation of the practice

## At Connected Health, we:

Recognize the importance of a strong work/life balance, and strive to create a work environment that is happy and welcoming. We handle the business burdens so our physicians can focus on the medicine. By limiting membership, physicians have time to create authentic patient relationships and identify innovative solutions to their health problems.

- Attractive compensation plan
- Health, dental, and vision plans
- Paid CME time and CME allowance
- Company-paid malpractice insurance
- Generous flexibility in scheduling and time off
